If coverage is offered but is unaffordable or below minimum value, penalty is \$250/month for each full-time employee who gets a premium tax credit or cost share through an exchange. For 2015 "most" means 70%. For 2016 and later, "most" means 95%. For 2015 "free" means 80 if the employer has 100 or more employees. For 2016 and later "free" means 30.
