<https://www.youtube.com/watch?v=wuxudIdltAQ>

DESCRIPTION

The U.S. Supreme Court issued its opinion in *Dobbs v. Jackson Women's Health Organization* on June 24. With that ruling, the Court overturned *Roe v. Wade* and ended nearly half a century of federally protected abortion rights. Following *Dobbs*, states will now have the authority to regulate abortion and related services. Employers will face many questions regarding their benefit plans and what, if any, abortion benefits they choose to maintain or establish in the wake of this landmark decision.

This webinar will:

- Examine the impact of *Dobbs* and delve into the ramifications of employer decisions regarding abortion and abortion-related services
- Discuss the differences in insured and self-funded plans
- Review handling of travel expenses within or outside of a group health plan
- Discuss the various tax, privacy, and potential civil and criminal consequences stemming from these decisions
