UBA Employer Webinar Series

### **“Medicare 101”**

#### **DESCRIPTION**

Medicare impacts employer administration and employee utilization of their group medical insurance plan in many ways. Employers need to manage:

- Coordination of benefits between Medicare and the group health plan
- Reporting
- Medicare and HAS contribution pitfalls
- Open enrollment periods
- Claim subrogation

This webinar will help you confidently manage benefits for Medicare-eligible employees by answering these questions:

- Why do I need to complete the CMS disclosure form?
- Who do I include in the disclosure?
- What are the acceptable ways to provide Medicare Part D creditable coverage letters to my employees and their spouses?
- Can an employee enroll in the group health plan and also receive prescription drug coverage from Medicare?
- Can my employee continue to contribute to the HSA after enrolling in Medicare?
- Can I request that my over-65 employees enroll in Medicare instead of the group health plan?
